March 23, 2020

Dear Family Member,

I wanted to follow up with you and let you know that I am very happy to report that the dietary employee's results came back from the COVID 19 testing and they were negative.

While we know this is an incredibly challenging time for you and your family, please be assured that we remain committed to the care and support of your loved one here at St. Francis. Their safety, health and well-being remain our firm commitment.

We continue to screen all residents and staff for potential symptoms and have not identified any additional concerns. We are also continually adhering to social distancing and promoting proper sanitation practices for all.

We want to make sure that you are aware of the tablets that we have for you and you loved ones to connect to one another electronically. If you have any questions about this or have not yet taken advantage of this, please call Tasha Belair, Director of Social Services at 603-524-0466 ext. 313.

All programs and services at St. Francis remain fully operational and your loved one continues to receive the highest level of care.

We will continue to keep you updated as time goes on.

God bless,

Brenda Buttrick RN, LNHA
Adminstrator
