December 30, 2020

Dear Residents and Family Members,

I am writing to inform you that we currently have 17 residents who are testing positive for COVID-19 and 3 staff members. We have been moving residents to our quarantine unit on the Lodge and any staff members who have tested positive are not working. We have been in contact with Catholic Charities New Hampshire as well as New Hampshire Public Health Department for guidance. All employees are wearing full PPE, meaning gown, N95 mask, face shield or goggles and gloves. We are continuing to postpone our Dining program for now as well as the group activities in the Dining Room. We will also be postponing the hair dresser. Residents need to remain in their room for the most part.

We are asking that you do not bring any items for your loved ones at this time. We are doing our best to notify family members of any changes in their condition.

I would like to remind you to please continue to wear your masks when you are in public and to practice social distancing. This is so important for your own safety as well as the safety of your family. We need to be the examples for others. Thank you very much.

While we know this is an incredibly challenging time for you and your family, please be assured that we remain committed to the care and support of your loved one here at St. Francis. Their safety, health and well-being remain our firm commitment.

We will continue to keep you updated as time goes on.

God bless,

Brenda Buttrick RN, LNHA
Administrator
